THE BYERS' CHOICE STORY

It was the late 1960s and Joyce Byers, an amateur artist with a degree in fashion design, was disappointed in what she was seeing in the stores: aluminum tinsel trees with garish blue lights. She was looking for holiday decorations with warmth that showed respect for timeless traditions and her own memories of Christmas.

The first Carolers graced the Byers' dining room table that Christmas, and they received compliments from all of the relatives. On a tight budget, Joyce knew what to make for presents the following year. A neighbor suggested taking some to a local store, where they sold quickly. The store was part of a federation of Woman's Exchanges and introduced the Carolers to other exchanges around the country. Soon a couple of dozen stores around the country were asking Joyce to supply them with Carolers.

Joyce pressed her husband, Bob, and their two sons into service to help produce the figures each autumn. It wasn't long before the Carolers overwhelmed the dining room table, where the family gathered to work together. "Every year the house would be a total wreck, and I'd say that we're never doing this again!" remembers Joyce.

But when a downturn in the economy hurt his construction business, Bob looked around and saw some potential in the Carolers. He decided to devote more of his energies to the fledgling business, and in 1978, the couple hired their first employee, and turned the garage into a workshop.

The unique appearance and handcrafted quality of the Carolers quickly gained a following. Each year, Bob and Joyce would work with their crew of trained artisans up until Christmas Eve putting the finishing touches on Carolers.

The two sons joined the company upon graduating from college and have played an important role in the growth of the firm, with Bob working in production and Jeff helping with marketing and design. "We always say that mom's hobby has gotten a little out of control," jokes Jeff.

Together, the family now oversees a team of 40 artisans in Pennsylvania who handcraft those same creations that started out on the dining room table many years ago. And although the Carolers are sold in thousands of fine gift stores around the world, the company still holds to its starting roots: producing a quality product, at an affordable price, and serving its customers and the community in the spirit of Christmas.

New! Christmas Evergreens

In the 16th century, the use of wreaths during Yule was adopted by Christians and became a custom in the form of Advent wreaths. These wreaths were traditionally made of holly oak, red berries, and evergreens — which also symbolize eternal life.

Fröhliche Weihnachten

In Germany, it is not Santa Claus who traditionally delivers gifts on Christmas Eve. Instead, the Christkind, an angel-like creature veiled in white with golden hair, brings gifts to families on the eve of Christmas. She arrives secretly through an open window and rings a bell to announce that the presents have been placed under the Christmas tree.

Christkind, the German name for the Christ Child, originally referred directly to the Holy Infant Jesus, who was said to bring gifts to children on Christmas Eve. Later the name came to stand for the embodiment of the Child's spirit, in angelic form, who brought the gifts in His place.

New! Light up the Holidays

Candles have been used during the Christmas season for hundreds of years and can be traced back to the 16th century. Protestant reformer Martin Luther is often credited as the first to add lighted candles to a Christmas tree in Germany in the early 1500s.

Lighting a candle and placing it in one's window is a common Christmas tradition that dates back to colonial times. When Christianity was suppressed in Ireland, priests had to travel through the night. Irish Christians left their doors unlocked and candles in the windows to show welcome to the priests and to guide them through the dark. When English authorities questioned them, they simply explained that the candles were for Mary and Joseph.

Tales of Mother Goose

Mother Goose songs and rhymes have entertained countless children for centuries. Despite her celebrated place in children's literature, the exact identity and origin of Mother Goose herself is still unknown. Some believe that the original Mother Goose was a real woman who lived in Boston during the later half of the 17th century.

Regardless of Mother Goose's origins, Charles Perrault was the first to actually publish a Mother Goose collection of rhymes and other folk tales in 1697, essentially initiating the fairy tale genre.

A CHRISTMAS CAROL

Charles Dickens' classic tale is brought to life with our *A Christmas Carol* series.

A Christmas Carol and Charles Dickens mean a great deal to everyone at Byers' Choice. Scrooge's declaration, "I will honor Christmas in my heart, and try to keep it all the year" constantly guides us. The message to celebrate Christmas and help others is just as important today; Dickens could not have said it better!

Happy Scrooge joins the collection in 2023. After being visited by the Spirits, old Ebenezer Scrooge wakes up on Christmas morning a new man. After his transformation, "It was always said of him, that he knew how to keep Christmas well, if any man alive possessed the knowledge."

The Harvest Home

Pay homage to the first Thanksgiving while adding a touch of harvest to your home this Autumn. In 1621, the Plymouth colonists and Wampanoag Indians shared an autumn harvest feast which is acknowledged today as one of the first Thanksgiving celebrations in the colonies.
